Epigraph Quotes

Maurice Strong, Secretary General of UN Conference of Environment and Development (Rio Earth Summit): "Global Sustainability requires the deliberate quest of poverty, reduced resource consumption and set levels of morality control." (Imposition of Jewish Noahide Laws onto non-Jewish population?)

Ted Turner: "A total world population of 250-300 million people, a 95% decline from present levels, would be ideal."

Jacques Cousteau, UNESCO courier, 1991: "In order to save the planet it would be necessary to kill 350,000 people per day. It is a horrible thing to say, but it is just as bad not to say it."

Initiative for the United Nations, ECO-92 Earth Charter: "The present vast overpopulation, now far beyond the world carrying capacity, cannot be answered by future reductions in the birth rate due to contraception, sterilization and abortion, but must be met in the present by the reduction of numbers presently existing. This must be done by whatever means necessary."

Henry Lamb on UN Agenda 21: "Page 993 after describing these "protected areas" sums it all up by saying: "The recently published Wildlands Project in the United States is the central theme of protected areas."

And on page 15 of the Wildlands Project, Dr. Reed Noss says that we must convert at least 50% of the land area of North America to wilderness off limits to human beings."

Those "core wilderness areas" are to be interconnected by "wilderness corridors" off limits to human beings. Those wilderness areas are to be surrounded by "buffer zones" that may have limited resource use under the supervision and permitting of the federal government in collaboration with non-government organizations.

Human population is to be resettled into the remaining 25% of the land into communities that are described as "sustainable communities."

Perhaps the most startling thing I can share with you is that all of the conspiracy theories that you've ever heard about one-world-government, about the UN takeover of the world, all of those conspiracies have now been laid to rest. There is

nothing conspiratorial about it. It's all published."

This website has exposed so many aspects of the (Jewish/British) "Global Governance" conspiracy that it is now possible to formulate a "working hypothesis" regarding the goals and the methods of the long-sought Jewish/British/Satanic New World Order. The weight of accumulated evidence suggests the following hypothesis:

UN Agenda 2030 (aka Agenda 21) is the Rothschild/Bavarian Illuminati Plan for world domination, "Tikkun Olam" (Hebrew; "repair of the world), and establishment of a "Jewish Utopia"/Jewish Universal Empire.

I submit that this hypothesis adequately and accurately explains and accounts for the data presented on this website. The advantage of formulating such a hypothesis is that the hypothesis can be tested by evidence thereby confirmed or falsified. This is the scientific method. I should note that I arrived at this hypothesis largely by "inductive" means, that is, by first assembling many, many facts and then determining the best general explanation for those facts. The following "big picture" explanation, including identification of the ends/goals and means/methods used by the global power elite generally support the hypothesis articulated above.

Recall, that Adam Weishaupt, founder of the Bavarian Illuminati, commonly asserted (after Machiavelli) that "the ends justify the means." It is now possible to identify the ends/goals of the (Jewish Illuminati) New World Order as well as the means/methods by which it is being implemented.

"The Ends"

1) To establish one-world-government and one-world-religion under control of Jewish/British corporate masters and Sanhedrin (Jewish rabbinical leaders) in Israel. This would accomplish the long-sought Jewish/Masonic/Satanic goal of "Tikkun Olam" ("repair and re-invention of the world" along Talmudic and Kabbalistic lines). It would also usher in the Kingdom of Satan on earth and result in the enslavement and extermination of the vast majority of humanity.

"The Means"

As per the plan put forth by Adam Weishaupt for the Bavarian Illuminati (principally including the House of Rothschild, the Sanhedrin (Elders of Zion/Frankist Jews), and leading intellectuals of the time), ushering in the Jewish Universal Empire required the destruction of monarchies, nations, religions, the family, and private property, i.e., all institutions that stand in the way of complete totalitarian rule by (Jewish) theocrats. Weishaupt's Plan incorporated and extended the 25 points of the 1773 "Rothschild Plan." Condensed and summarized, the main points of 1773 "Rothschild Plan" were:

- 1) Use violence and terrorism rather than academic discussions,
- 2) Preach "liberalism" to usurp political power,
- 3) Initiate class warfare
- 4) Politicians must deceive the masses,
- 5) Dismantle "existing forces of order and regulation,"
- 6) Remain invisible until "our forces" are unstoppable,
- 7) Use mob psychology to control "the goyim" (non-Jews), for "without absolute despotism one cannot rule efficiently",
- 8) Advocate use of alcohol, drugs, moral corruption, and all forms of vice by "agenturs" to corrupt youth,
- 9) Seize property by any means to secure submission and sovereignty,
- 10) Foment wars and control peace conferences so that neither side gains territory, placing them further in our debt,
- 11) Choose candidates for public office who will be "servile and obedient to our commands,"
- 12) Use the press for propaganda,
- 13) Make the masses believe they have been prey of criminals, then restore order to appear as saviors,
- 14) Create financial panics and use hunger to control the masses,
- 15) Infiltrate Freemasonry to take advantage of the Grand Orient Lodges to cloak the true nature of their work in philanthropy. Spread atheistic/materialistic ideology amongst the "Goyim" (non-Jews).
- 16) When the hour strikes for our sovereign Lord of the entire world (Lucifer) to be crowned, banish everything that might stand in his way,
- 17) Use systematic deception, high-sounding phrases, and popular slogans. "The opposite of what has been promised can always be done afterwards.... That is of no consequence."
- 18) Impose a Reign of Terror as the quickest way to bring about speedy subjugation of the Goyim (non-Jews),
- 19) Masquerade as political, financial, and economic advisers,

- 20) Ultimate world government is the goal. Establish huge monopolies, so that even the largest fortunes of the Goyim will depend on us so they will “go to the bottom” together with the credit of their governments on the day after the great “political smash,”
- 21) Use economic warfare. Rob the “Goyim” of their landed properties and industries with a combination of high taxes and unfair competition.
- 22) Make the “Goyim” destroy each other so there will only be the proletariat left in the world.
- 23) Call it the New Order. Appoint a dictator.
- 24) Fool, bemuse, and corrupt the youth by teaching them theories and principles we know to be false.
- 25) Substitute arbitration for laws.

The Rothschild plan clearly overlaps significantly with the “Protocols of the Learned Elders of Zion” (1896, 1934, 2012). Both diabolical plans are designed to destroy the “Goyim” (non-Jews) and usher in the kingdom of their “sovereign lord of the entire world,” i.e., Lucifer.

2016 Progress Report: Progress Toward Implementing “The Plan:”

How have Illuminati agent-provocateurs accomplished their goals?

1) Destruction of monarchies was largely accomplished by the French and Russian Revolutions and the First and Second World Wars, all of which were fomented by Jewish international financiers and Jewish/Masonic agent provocateurs.

2) Destruction of nations has been and is being accomplished by: a) innumerable wars of aggression, now primarily directed against the enemies of Israel by its proxy, the United States, b) de-stabilization and subversion of foreign and domestic governments and populations by American, British, and Israeli intelligence agencies, c) predatory lending policies (and “structural adjustment programs”) of international lending institutions such as the World Bank and the IMF, d) waging covert war against domestic populations through “social engineering,” mind control, creation of dangerous cults, propaganda, and cultural subversion, and e) forced mass immigration of illegal aliens and refugees into First World nations. The intended end result of these programs are that nations become “failed states” that can no longer provide protection and a decent living standard for their own peoples.

3) Destruction of religion (particularly Christianity) has been accomplished incrementally by: a) corruption and co-option of Christian doctrines by introduction of “revised” Bible versions, b) infiltration and corruption/co-option of Christian churches and organizations by paid agents of the Jewish Illuminati, etc., c) introduction of innumerable New Age false religions and cults (primarily by Jews and/or Freemasons), d) the ecumenical and interfaith movements that attempt to merge, blend, and thereby destroy all religions except Judaism/Freemasonry/Satanism.

4. Destruction of the family has been accomplished by: a) the feminist movement, b) the sexual revolution, c) dissemination of birth control devices, family planning agencies, etc., d) economic policies that force both parents into the work place, e) avid promotion of LGBT (lesbian, gay, bisexual, transgender) lifestyles, and f) “affirmative action programs” that penalize and under-compensate competent white males.

5. Destruction of private property has and is being accomplished through: a) artificially-created financial crises, Unconstitutional laws that favor corporate “persons” over real persons, and “sustainable development” policies promoted by governments worldwide that implement Agenda 21 (now Agenda 2030).

Conclusions regarding events, institutions, and information featured on this website:

1) Operation 9/11 was an Illuminati/Tavistock/CIA/Mossad “state-sponsored, false-flag, synthetic terror event” designed as trauma-based mind control of the world’s domestic population. It served as pretext to prosecute a series of proxy wars for (“Eretz” or “Greater”) Israel and to implement a vast international intelligence/police/Gestapo state.

2) The phony environmental movement, spear-headed by the fraudulent “climate change” issue, is a mechanism by which the United Nations hopes to control/destroy the industrialize nations and control the world’s resources and all economic activity. The false premise is that in order to “save the earth,” all human activity and resource consumption must be regulated by the UN, as world government.

3) Government-sponsored mind control, media propaganda, and social engineering projects formulated and executed by

a host of military/intelligence agencies, think tanks and corporate and private sector entities, manipulates public opinion such that a majority of the population acquiesces to the dictates of Big Brother.

4) Cults and bogus New Age religions are created by intelligence agencies and Jews, primarily, in order to further control and enslave the populace and to deceive well-meaning dupes into supporting the New Age/Talmudic World Order.

5) The ecumenical/interfaith/New Age movements are used as means of destroying and replacing all non-Jewish religions.

6) Gang stalking (aka organized stalking, vigilante stalking, counterintelligence stalking) is used as means of “neutralizing” non-cooperating elements in the emerging Talmudic world order. In the process, private security contractors, in cooperation with intelligence agencies, local police, and networks of citizen spies, target Christians, dissidents, whistle-blowers, etc. for destruction, utilizing a suite of surveillance and harassment techniques in combination with “non-lethal (electronic) weapons.”

7) The (Talmudic) world court system, centered in Jerusalem, would force the world’s non-Jewish population to abide by the Talmudic Seven Noahide Laws. This “justice system” would allow Jewish judges to summarily execute non-desirables (such as Christians) for offenses as minor as worshipping Jesus Christ as Lord.

8) Depopulation: The worldwide atmospheric spraying of coal fly-ash (chemtrails) is now being used to weaken the immune systems of the global population. Electromagnetic zapping, via HAARP and other “ionospheric heaters,” is being used as mind control and mood alteration of the populace.

9) The United Nations, or “world instrument,” is the prototypical world government. UN Agenda 21 (now Agenda 2030) is the plan to control all aspects of human life everywhere. The UN insists that the human population must be radically reduced and/or controlled in order to “save the earth.” (See United Nations Agenda 21 (aka Agenda 2030) is blueprint for the global enslavement under Jewish corporate masters, <http://911nwo.com/?p=4099>)

United Nations Agenda 2030 is the plan to implement complete global tyranny (“Tikkun Olam”) by 2030: Here is how they mean to do it.

Warning: We have now entered the dystopian world forecast by Aldous Huxley (“Brave New World”) and George Orwell (“1984” and “Animal Farm”). As per “1984,” our common language is so fraught with “double-speak” or “new-speak” that we need to learn to decode all official proclamations! Just as the Seven Talmudic Noahide Laws sound good at first blush, but on inspection can result in mass killing of Christians and other undesirables, these 17 goals sound benign at first, but decoded, they are draconian. “Since these supposedly non-binding international agreements can sometimes be a bit tricky to decode, what with all the weaponized buzz terms and semantics games, we’ve prepared a handy dandy translator on the 17 new Agenda 2030 goals.”

The 17 official goals of UN Agenda 2030 are listed below along with two translations of the UN’s “2030 Agenda blueprint for globalist government.” (Translation 1 is by Mike Adams and Translation 2 is by Aaron and Melissa Dyke):

Goal 1) End poverty in all its forms everywhere

Translation 1: Put everyone on government welfare, food stamps, housing subsidies and handouts that make them obedient slaves to global government. Never allow people upward mobility to help themselves. Instead, teach mass victimization and obedience to a government that provides monthly “allowance” money for basic essentials like food and medicine. Label it “ending poverty.”

Translation 2: Centralized banks, IMF, World Bank, Fed to control all finances

Goal 2) End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Translation 1: Invade the entire planet with GMOs and Monsanto’s patented seeds while increasing the use of deadly herbicides under the false claim of “increased output” of food crops. Engineer genetically modified plants to boost specific vitamin chemicals while having no idea of the long-term consequences of genetic pollution or cross-species genetic experiments carried out openly in a fragile ecosystem.

Translation 2: GMO

Goal 3) Ensure healthy lives and promote well-being for all at all ages

Translation 1: Mandate 100+ vaccines for all children and adults at gunpoint, threatening parents with arrest and imprisonment if they refuse to cooperate. Push heavy medication use on children and teens while rolling out “screening” programs. Call mass medication “prevention” programs and claim they improve the health of citizens.

Translation 2: Mass vaccination, Codex Alimentarius

Goal 4) Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Translation 1: Push a false history and a dumbed-down education under “Common Core” education standards that produce obedient workers rather than independent thinkers. Never let people learn real history, or else they might realize they don’t want to repeat it.

Translation 2: Translation: UN propaganda, brainwashing through compulsory education from cradle to grave

Goal 5) Achieve gender equality and empower all women and girls

Translation 1: Criminalize Christianity, marginalize heterosexuality, demonize males and promote the LGBT agenda everywhere. The real goal is never “equality” but rather the marginalization and shaming of anyone who expresses any male characteristics whatsoever. The ultimate goal is to feminize society, creating widespread acceptance of “gentle obedience” along with the self-weakening ideas of communal property and “sharing” everything. Because only male energy has the strength to rise up against oppression and fight for human rights, the suppression of male energy is key to keeping the population in a state of eternal acquiescence.

Translation 2: Population control through forced “Family Planning”

Goal 6) Ensure availability and sustainable management of water and sanitation for all

Translation 1: Allow powerful corporations to seize control of the world’s water supplies and charge monopoly prices to “build new water delivery infrastructure” that “ensures availability.”

Translation 2: Privatize all water sources, don’t forget to add fluoride

Goal 7) Ensure access to affordable, reliable, sustainable and modern energy for all

Translation 1: Penalize coal, gas and oil while pushing doomed-to-fail “green” energy subsidies to brain-dead startups headed by friends of the White House who all go bankrupt in five years or less. The green startups make for impressive speeches and media coverage, but because these companies are led by corrupt idiots rather than capable entrepreneurs, they always go broke. (And the media hopes you don’t remember all the fanfare surrounding their original launch.)

Translation 2: Smart grid with smart meters on everything, peak pricing

Goal 8) Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Translation 1: Regulate small business out of existence with government-mandated minimum wages that bankrupt entire sectors of the economy. Force employers to meet hiring quotas of LGBT workers while mandating wage tiers under a centrally planned work economy dictated by the government. Destroy free market economics and deny permits and licenses to those companies that don’t obey government dictates.

Translation 2: TPP, free trade zones that favor megacorporate interests

Goal 9) Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Translation 1: Put nations into extreme debt with the World Bank, spending debt money to hire corrupt American corporations to build large-scale infrastructure projects that trap developing nations in an endless spiral of debt. See the book Confessions of an Economic Hit Man by John Perkins to understand the details of how this scheme has been repeated countless times over the last several decades.

Translation 2: Toll roads, push public transit, remove free travel, environmental restrictions

Goal 10) Reduce inequality within and among countries

Translation 1: Punish the rich, the entrepreneurs and the innovators, confiscating nearly all gains by those who choose to work and excel. Redistribute the confiscated wealth to the masses of non-working human parasites that feed off a productive economy while contributing nothing to it... all while screaming about "equality!"

Translation 2: Even more regional government bureaucracy

Goal 11) Make cities and human settlements inclusive, safe, resilient and sustainable

Translation 1: Ban all gun ownership by private citizens, concentrating guns into the hands of obedient government enforcers who rule over an unarmed, enslaved class of impoverished workers. Criminalize living in most rural areas by instituting Hunger Games-style "protected areas" which the government will claim are owned by "the People" even though no people are allowed to live there. Force all humans into densely packed, tightly controlled cities where they are under 24/7 surveillance and subject to easy manipulation by government.

Translation 2: Big brother big data surveillance state

Goal 12) Ensure sustainable consumption and production patterns

Translation 1: Begin levying punitive taxes on the consumption of fossil fuels and electricity, forcing people to live under conditions of worsening standards of living that increasingly resemble Third World conditions. Use social influence campaigns in TV, movies and social media to shame people who use gasoline, water or electricity, establishing a social construct of ninnyes and tattlers who rat out their neighbors in exchange for food credit rewards.

Translation 2: Forced austerity

Goal 13) Take urgent action to combat climate change and its impacts

Translation 1: Set energy consumption quotas on each human being and start punishing or even criminalizing "lifestyle decisions" that exceed energy usage limits set by governments. Institute total surveillance of individuals in order to track and calculate their energy consumption. Penalize private vehicle ownership and force the masses onto public transit, where TSA grunts and facial recognition cameras can monitor and record the movement of every person in society, like a scene ripped right out of Minority Report.

Translation 2: Cap and Trade, carbon taxes/credits, footprint taxes (aka Al Gore's wet dream)

Goal 14) Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Translation 1: Ban most ocean fishing, plunging the food supply into an extreme shortage and causing runaway food price inflation that puts even more people into economic desperation. Criminalize the operation of private fishing vessels and place all ocean fishing operations under the control of government central planning. Only allow favored corporations to conduct ocean fishing operations (and make this decision based entirely on which corporations give the most campaign contributions to corrupt lawmakers).

Translation 2: Environmental restrictions, control all oceans including mineral rights from ocean floors

Goal 15) Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Translation 1: Roll out Agenda 21 and force humans off the land and into controlled cities. Criminalize private land ownership, including ranches and agricultural tracts. Tightly control all agriculture through a corporate-corrupted government bureaucracy whose policies are determined almost entirely by Monsanto while being rubber-stamped by the USDA. Ban woodstoves, rainwater collection and home gardening in order to criminalize self-reliance and force total dependence on government.

Translation 2: More environmental restrictions, more controlling resources and mineral rights

Goal 16) Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Translation 1: Grant legal immunity to illegal aliens and "protected" minority groups, which will be free to engage in any illegal activity — including openly calling for the mass murder of police officers — because they are the new protected class in society. "Inclusive institutions" means granting favorable tax structures and government grants to corporations that hire LGBT workers or whatever groups are currently in favor with the central planners in government. Use the IRS and other federal agencies to selectively punish unfavorable groups with punitive audits and regulatory harassment, all

while ignoring the criminal activities of favored corporations that are friends of the political elite.

Translation 2: Translation: More UN “peacekeeping” missions (ex 1, ex 2), remove 2nd Amendment in USA

Goal 17) Strengthen the means of implementation and revitalize the global partnership for sustainable development

Translation 1: Enact global trade mandates that override national laws while granting unrestricted imperialism powers to companies like Monsanto, Dow Chemical, RJ Reynolds, Coca-Cola and Merck. Pass global trade pacts that bypass a nation’s lawmakers and override intellectual property laws to make sure the world’s most powerful corporations maintain total monopolies over drugs, seeds, chemicals and technology. Nullify national laws and demand total global obedience to trade agreements authored by powerful corporations and rubber-stamped by the UN.

Translation 2: Remove national sovereignty worldwide

The goal of Agenda 2030, then, is: Total enslavement of the planet by 2030. As the UN document says, “We commit ourselves to working tirelessly for the full implementation of this Agenda by 2030.”

If you read the full document and can read beyond the fluffery and public relations phrases, you’ll quickly realize that this UN agenda is going to be forced upon all the citizens of the world through government coercion. Nowhere does this document state that the rights of the individual will be protected. Nor does it even acknowledge the existence of human rights granted to individuals by the Creator. Even the so-called “Universal Declaration of Human Rights” utterly denies individuals the right to self defense, the right to medical choice and the right to parental control over their own children.

The UN is planning nothing less than a global government tyranny that enslaves all of humanity while calling the scheme “sustainable development” and “equality.” 1984 has finally arrived. And of course it’s all being rolled out under the fraudulent label of “progress.”
